Madison School District 321 Report Card 2010-11

OUR MISSION

Madison School District 321 will ensure a quality education by focusing on academic success, instilling a love for learning, and preparing all students as productive citizens.

KEEPING YOU INFORMED

This report is a summary of some indicators of the performance of our district. No single report can tell the whole story of our educational program or the people who work and learn here. We encourage you to find out firsthand by visiting our schools. If you are a parent of one of our students, we invite you to take an active role in your child's learning because studies show that when parents are involved, students do better in school.

OUR COMMUNITY

Many factors, such as how often a child attends school, moving frequently, and English language experience, influence student achievement. Measuring these characteristics helps us understand our students' needs.

Parents are welcome to request information about the qualifications of their child's teachers at any time. In addition, if the need arises for your child to be taught by a teacher without complete qualifications for more than four weeks, we will notify you.

0 Percent who are teaching as an approved consultant specialist
1.01 Percent who are teaching with a letter of authorization

OUR ENVIRONMENT

Our goal is to provide a place for students to learn without distractions and concerns for safety. We closely monitor activities on our campuses and offer comprehensive programs to prevent alcohol, tobacco, and substance abuse. As required by state and federal laws and rules, we collect, monitor, and report on crimes and substance abuse incidents on our campuses and at school activities. A complete report of this information about our district and our schools is available at: <http://www.sde.idaho.gov/ipd/reportcard/SchoolReportCard.asp> or by contacting Dr. Geoffrey M.
